

## Your Senior Portrait Session

We take great care to make your portrait session with Vivos Images as pleasant as possible. When planning your session, keep in mind the location of your shoot. We offer:

- Indoor/Outdoor sessions at our Studio Location.
- On site sessions, such as your home.
- Outdoor on-location sessions.

Portrait appointments should be allowed a full hour to complete the session at the studio. On-site sessions should allow for an hour's time as well.

Approximately (1-2) weeks after your session, you will receive your proof book. This is yours to keep. From your proof prints, you may order enlargements from our packages or individually A La Carte.

## Additional Services

### Digital Enhancement

Digital Enhancement covers all retouching concerns, such as: softening of features, removal of stray hair, dark circles, blemishes, or abrasions. More intricate work, such as braces "removal" or replacement of closed eyes may also be accomplished upon request.

Artwork is special effects created on the image, such as the whole picture in black and white except for a flower or varsity jacket, or including 2 or more poses into one frame.

Once the enhancement or artwork is finished on a pose, all prints from that pose will include the enhancement, even if you order additional prints at a later date.

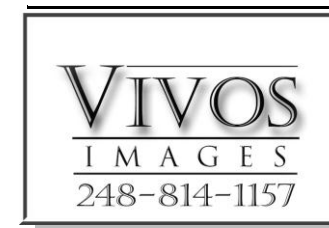

Basic enhancement -	<b>\$15.00</b>
Artwork -	<b>\$25.00</b>
Intricate Enhancement++-	<b>\$35.00</b>

++ Price reflects estimate of retouch.

### Mounting

Mounted prints are Lacquer coated for UV and moisture protection, and do not need to be framed behind glass. However, as with any print, mounting in direct sunlight is not recommended.
